GENERAL PRICE LIST

These prices are effective as of December 8, 2022.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Basic Services of Funeral Director and Staff and Overhead..... \$2,200

Our services include: conducting the arrangements conference; planning the funeral; consulting with family and clergy; shelter of remains; preparing and filing of necessary notices; obtaining necessary authorizations and permits; coordinating with the cemetery, crematory, or other third parties. In addition, this fee includes a proportionate share of our basic overhead costs. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

Embalming \$775

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement, such as direct cremation or immediate burial, that does not require you to pay for it.

House Bill 481 Embalming/Refrigeration Requirement (section 4717.13.A10): *If final disposition of a dead body has not occurred within 48 hours of the time of death, Ohio law requires that the body be embalmed or refrigerated at 40 degrees or less and the family may be charged for the services.*

Other Preparation of the Body \$400

This includes casketing of unembalmed human remains into a casket or other alternative container. This also includes holding of the deceased in a sanitary, secure and refrigerated environment (7 days). The sanitary holding and refrigeration of the un-embalmed body permits us to provide a safe, dignified and properly maintained working environment. This does not include the public viewing of the deceased.
