The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. **However, any funeral arrangements you select will include a charge for our basic services and overhead.** If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

PROFESSIONAL SERVICES

Basic Services of Funeral Director and Staff \$3,295

Our fee for the basic services of Funeral Director and Staff includes, but is not limited to:

- 24 hours per day/365 days per year availability of a funeral director and/or staff members to respond to initial request for services, arrangement conference with family or responsible party, and coordinating the arrangements for the service, tribute or gathering.
- Staff to advise, assist and recommend appropriate personalization or individualization of the services to commemorate the unique life of your loved one.
- Clerical assistance in the completion of various forms associated with a service, such as Social Security, Veterans Benefits, and insurance documentation.
- Obtaining and recording biographical information and statistical data.
- Preparation and transmission of obituary notice/editorial tribute in newspaper(s).
- Death certificate preparation, filing and securing the necessary permits, authorizations, consents and assignments.
- Initial caretaking and sheltering of the deceased for the first 24 hours.
- Coordination with those providing other services such as a hospital, nursing facility, assisted living, home/hospice facility, doctor's office, medical examiner/coroner office, cemetery, vault company, our crematory, clergy/celebrant, organist, pianist, soloist and others involved in the services and final disposition/memorialization.
- Administrative services, insurance, facility maintenance, utilities expenses, taxes, legal and accounting fees, record keeping, equipment and inventory expenses and governmental compliance (OSHA, ADA, etc.).

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

(Forwarding of Remains)**

**Minimum Basic Services of Funeral Director and Staff.....\$1,195
(Direct Cremation)**

CARE OF YOUR LOVED ONE

We require the use of licensed personnel to supervise all technical aspects of the services provided to those loved ones placed in our care. The utmost "attention to detail" is taken in all steps of the preparation process. Our facility is OSHA and state compliant. Our personnel and management take their role very serious and it shows in the dedication to each family we serve.

Embalming \$ 890

Embalming is a chemical process that provides temporary preservation of the body and eliminates certain health hazards. The cleansing and replacement of an acceptable "memory picture" is part of the embalming process. This procedure must be completed by a licensed embalmer certified by the State of Georgia.

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

Cremation \$ 495

The cremation casket or container that has been selected by the family is placed into the care of our crematory manager or assistant. Once placed into the cremation chamber, intense heat reduces the cremation casket or container and all contents into small fragments. These cremated remains are then placed in a processor and mechanically reduced in size. The cremated remains are placed into an urn or container that has been selected by the family. Disposition/ Final Memorialization then can be completed according to the family's wishes.

APPROVED GREEN BURIAL COUNCIL SERVICE PROVIDER

Tom M. Wages Funeral Service, LLC, recognizes and embraces the trend towards end of life rituals that are sustainable for the planet, environmentally friendly, and meaningful for the family. We encourage families that want this type of service to be active participants in the care of their loved one and in the celebration of their life.

Our firm makes available several “green” burial options and follows guidelines set forth by Green Burial that encourages the use of burial grounds as a means of facilitating the restoration, acquisition, and stewardship of natural areas throughout the United States. For such arrangements, formaldehyde-based embalming is prohibited as is the use of metal or concrete grave liners, burial-vaults, or other permanent burial containers. Caskets, coffins or alternative containers used to enclose and transport the dead are made of bio-degradable materials and are available in a range of prices. Home wakes, public visitations, church funerals and graveside services are options that may be arranged within the limited time frame green burial allows. As with all of our service and merchandise offerings, detailed price information for each component is itemized on this General Price List and our Casket Price List.

Our charge for a conservation burial ground graveside for all faiths on the grounds of the Honey Creek Woodlands (Conyers, GA) or Any Other Eco-Friendly Cemetery is as follows: THE FAMILY WILL SELECT THE BURIAL SPACE AT THE CEMETERY AND MAKE PAYMENT DIRECTLY TO CEMETERY.

Outer Burial Container Price List

These prices are effective as of January 15, 2020,
but thereafter subject to change without notice.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

NOTE: Listed below are the two types of loads that routinely occur at most perpetual care cemeteries in our area.

(1) DYNAMIC LOAD

A dynamic load is a load that varies in intensity. This load is transferred to a burial vault as heavy cemetery equipment passes over the grave. The equipment used in cemeteries is much larger and heavier today. Some backhoes weigh close to 25,000 pounds.

(2) IMPACT LOAD

An impact load is produced by a mechanical tamper or the dropping of a backhoe bucket and delivers a very concentrated force through the soil. This has an extreme effect on a small area of the burial vault cover at shallow grave depths.
