The laws governing funeral services and practices imposed by the Texas Funeral Service Commission, and the Federal Trade Commission, require that we, the funeral home, provide you, the consumer, with a general price list prior to your discussing or making any funeral arrangements. This general price list is on the following pages.

We realize that there may be items, or areas, within this price list that you may not immediately fully understand; if so, we encourage you to discuss this with our professional funeral service counselors during the arrangement conference. They will be very happy to clarify anything you do not understand. You may, if you wish, bring this general price list with you to the arrangement conference, however, it is not required. Additional copies are available at the funeral home. During the funeral arrangement conference, the counselor will provide you with a detailed itemized list of any and all items purchased. You will then be asked to sign a receipt showing what you purchased. When the exact total of all items is known, you will be given multiple copies of a funeral purchase agreement / contract which you will be asked to sign.

If you have any questions about any area of our services or any charges, we encourage you to ask to have the item or items clarified.

Our goal is to provide you the highest quality service at the most reasonable cost possible.

Thank you for your trust in us and for allowing us to be of service to you and your family.
We trust that everything we do will be to your complete satisfaction.

TO HELP YOU UNDERSTAND:

It is your right and our desire that you have as much information as possible regarding the cost of services that we offer. The most significant factors determining funeral cost are the time spent by our professional staff and the use of funeral home facilities. Personnel and facilities must be available 24 hours a day, every day of the year. Much of what we do is apparent and some is not. Traditions, social customs, personal feeling, tastes, and a multitude of other factors affect each funeral. Our services must conform to each family's personal wishes; religious, emotional and financial needs.

Our fixed overhead expenses are our monthly bills totaled for the year and divided by the number of services held that year and based on the type of service we provide. Our overhead expenses include taxes, employee salaries, building maintenance, vehicle operation and maintenance, capital improvements, stationary supplies, advertising and promotions, utilities, heat, telephone, electricity, yard maintenance, insurance-fire, theft, liability, auto, casualty and worker's compensation.

OUR SERVICES:

Meet with the family to secure vital statistical information, obtain physician's signature, file the death certificate with the registrar of vital statistics in the municipality where the death occurred, obtain permits for burial or cremation and secure as many certified copies of the death certificate as necessary to meet each family's needs. We obtain obituary information and provide said information to all newspapers requested by the family. We will complete all necessary forms such as: Veterans benefits forms, Social Security forms, and insurance claims.

We will make arrangements for and coordinate times for the following services as needed: clergy, cemetery, crematory, fraternal lodges or other organizations, military honors and others responsible for the final disposition of the deceased.

We oversee all aspects of each funeral including, conducting the funeral service according to the family's wishes, having staff available to supervise the funeral service, memorial and or visitation, give out funeral information to family, associates, florists and friends, use of our chapel or equipment for church service as needed, arranging and care of flowers for best appearance.

OUR WEBSITE & FACEBOOK PAGE:

Out of town family members and guests may view obituaries, find detailed service information, and leave personalized tributes to families of deceased on our online guest book. We also post your loved one's obituary link to our Facebook page ([Robertson Funeral Directors](#)) as well as other valuable information.

OUR FUNERAL HOME POLICIES

- ***Cremation***

We always strive to accomplish the cremation as promptly as possible, but we cannot guarantee a time frame for completion due to different areas or regions that require additional documentation in order to cremate. If you are wanting the cremains shipped, they must be shipped through the United States Postal Service (USPS) certified registered mail for an additional charge.

- ***Unembalmed Bodies***

Embalming isn't required for private family viewing of the deceased prior to cremation or immediate burial. We will always handle the care of the deceased to the highest regard. If you do not want embalming, we will arrange for refrigeration which we have on site at our Clarendon location. However, we will handle the deceased as little as possible by the staff due to health concerns. **Only the immediate family will be allowed to view an unembalmed body and will have to sign documents in order to do so.** Immediate family viewing will be limited to one, one-hour session during normal business hours to limit the amount of handling of the deceased. We will dress the deceased if we are able to depending on the condition of the body as well as make the deceased presentable as possible for the private viewing. You may have a funeral service with an unembalmed body present, but under no circumstances whatsoever will we allow an open casket or public viewing of an unembalmed body.

*We do require embalming for viewing of an autopsied body or a body with a communicable disease i.e. COVID-19. No viewing of an un-embalmed autopsied body will take place until embalming is complete.

- ***Personal Effects***

If you would like the personal effects of the deceased from the time of death such as clothing, bedding, jewelry, etc. please ask for them. If not, within 48 hours, we reserve the right to dispose of them. If you are wanting personal effects placed on the deceased for viewing purposes, they will be buried or cremated unless specifically requested to be returned. If you are asking for the personal effects to be returned, we will provide a jewelry bag complimentary for the jewelry and smaller personal effects. Please make sure to consult with any of our staff about personal effects.

- ***Transferring Plans from other funeral homes***

Many people are unaware that they can transfer their existing pre-arrangements made at other funeral homes. We will honor any Pre-Paid Funeral or Cremation from another funeral home. Let us take care of all the paperwork. All you need to do is sign a few forms we fill out for you. We will honor your prearranged plan without added cost.

- ***Third Party Caskets***

Per the FTC, you are entitled to purchase your own casket from a third party. We have to accept the casket as well as not charge you a fee. However, due to the issues that we have experienced with third-party casket providers, we will not set a visitation/viewing time or service time until we have received delivery of the casket. You, the client, as well as our funeral home will have to inspect the casket and approve, in writing, the use of the delivered casket in the service you have engaged us to perform. Robertson Funeral Directors will not contact the third-party casket provider. It will be the responsibility from you the client to contact them. We require that the third-party casket be delivered during our normal business hours. Robertson Funeral Directors will be not responsible or liable for any damages or malfunctions of the third-party casket.
