TO HELP YOU UNDERSTAND

It is your right and our desire that you have as much information as possible regarding the cost of services that we offer. The most significant factors determining funeral cost are the time spent by our professional staff and the use of funeral home facilities. Personnel and facilities must be available 24 hours a day, every day of the year. Much of what we do is apparent and some is not. Traditions, social customs, personal feeling, tastes, and a multitude of other factors affect each funeral. Our services must conform to each family's personal wishes; religious, emotional and financial needs.

Our fixed overhead expenses are our monthly bills totaled for the year and divided by the number of services held that year and based on the type of service we provide. Our overhead expenses include taxes, employee salaries, building maintenance, vehicle operation and maintenance, capital improvements, stationary supplies, advertising and promotions, utilities, heat, telephone, electricity, yard maintenance, insurance-fire, theft, liability, auto, casualty and workman's compensation.

Our Services:

Meet with the family to secure vital statistical information, obtain physician's signature, file the death certificate with the registrar of vital statistics in the municipality where the death occurred, obtain permits for burial or cremation and secure as many certified copies of the death certificate as necessary to meet each family's needs. We obtain obituary information and provide said information to all newspapers requested by the family. We will complete all necessary forms such as: Veterans benefits forms, Social Security forms, and insurance claims.

We will make arrangements for and coordinate times for the following services as needed: clergy, cemetery, crematory, fraternal lodges or other organizations, military honors and others responsible for the final disposition of the deceased.

We oversee all aspects of each funeral including, conducting the funeral service according to the family's wishes, having staff available to supervise the funeral service, memorial and or visitation, give out funeral information to family, associates, florists and friends, use of our chapel or equipment for church service as needed, arranging and care of flowers for best appearance.

OUR PAYMENT POLICY

UNLESS PRIOR ARRANGEMENTS HAVE BEEN MADE, PAYMENT IS DUE AT THE TIME ARRANGEMENTS

Regretfully, we are unable to extend credit, or provide any type of financing on any account. In order to reduce overhead, thereby keeping costs to our clients as low as possible while still providing a high level of service, it is our policy to require payment in full at the time arrangements are made.

PAYMENT IN FULL MUST BE SECURED AT LEAST 24 HOURS BEFORE THE SCHEDULED SERVICE.

THE ACCEPTABLE METHODS OF PAYMENT ARE AS FOLLOWS:

1. *Cash, check, cashier's check, money order, Visa, Mastercard, or Discover credit card or any combination of these equal to the amount of total contract charges. If the exact amount is not known, as close an estimate as possible to the actual charges will be made. When the exact amount is known, and it exceeds actual costs, a refund will be made to the responsible party within 24 hours after the actual amount is known. Likewise, any underpayment will be due within 24 hours after the actual amount is known and the responsible party is notified of same.*

* We will, upon request, hold any check for deposit for up to 30 days from the date of death, to allow for whatever financial arrangements are necessary to cover the check; however, no check will be held for longer than 30 days from the date of death. There will be a \$ 35.00 charge for any check returned and not honored by any financial institution. Checks that are returned without being honored will be filed on in the appropriate court of law for collection, including all fees and related expenses for collection. The option of holding a check for deposit is not available to clients with a previous history of slow or non-payment on any account with us, who have unlisted phone numbers, who have a poor credit history or reputation, who have been charged with writing bad checks, or who have ever filed for bankruptcy. Post-dated checks will not be accepted.

2. *Assignment of insurance proceeds or other assignable benefits are acceptable with proof that the policy or policies are currently in force, are valid, and are assignable. Generally, policies that are less than 2 years old will not be accepted for assignment. Any policy or policies that are not verifiable or which are inadequate in face value to cover the anticipated total cost of the funeral will require payment for the difference as per [1] above, subject to the same terms and conditions. Delay of payment of claim beyond 30 days by insurance company or companies, will require responsible party to make full payment of the assigned amounts to funeral home, with reimbursement being made to responsible party when the insurance company does pay the claim.*
3. *Preneed funeral trust coverage is acceptable. Any remaining balance payoff or charges for non-covered items will require payment as per [1] or [2] above, subject to the same terms and conditions.*
4. *At-Need Consumer Financing through:*
 - *FuneralPayPlan.com*
 - *Lending USA*
 - *United Consumer Financial Services*
 - *Fund the Funeral*
 - *Stairway Lending*

These companies listed above offer a huge range of options that would fit into any budget.

**You may also consult with your bank about loan options.*

5. *In cases where the deceased's estate must stand in burden of paying the funeral contract, we ask that a family member pay the funeral contract by one of the methods listed above and file their claim with the deceased's estate.*
6. *We will pay Cash Advance Items for the convenience of every family we serve, and are due at the time of arrangements. We do not accept credit card payments for cash advance items, we ask they be paid by cash, check, cashier's check, money order, or life insurance assignment.*

We encourage our clients to openly discuss any questions or concerns relating to this payment policy with any of our staff at any time.

REQUIREMENTS: In Most Areas Of The Country, No State Or Local Law Requires That You Buy A Container To Surround The Urn In The Grave; However, Many Cemeteries Ask Or Require That You Use Such A Container So That The Grave Will Not Sink In. An Urn Vault Will Satisfy These Requirements In Most Cases.
