

Professional Services Fee of Funeral Director & Staff \$875

This is the basic charge to each family we serve for our professional expertise in assisting them. It includes, but is not limited to, a proportionate share of the taxes, licenses, utilities, and business expenses necessary to serve the public in a professional manner. Also included in this charge is the consultation with the family, clerical and administrative services, preparation and filing of necessary permits, consultation with the clergy, cemetery, crematory, or common carrier, planning the funeral, and assistance with obituary notices. There will be an additional charge for the direction and supervision of each service requested or required. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for all packages and forwarding or receiving remains and is discounted for the simple cremation packages.)

Embalming \$725

Embalming is the chemical process, which provides temporary preservation of the body and eliminates certain health hazards. A person licensed by the state must complete this procedure. Except in certain cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with a viewing for the public. If you do not want embalming, you have the right to choose a service that does not require you to pay for it, such as direct cremation or immediate burial.

We offer a few different styles and prices of caskets and alternative containers from which to select. Since many caskets that appear similar in appearance may differ greatly in quality and construction, we offer the following to assist you in making an informed decision.

Gasketed: These caskets are designed by the manufacturer to resist the entrance of air, water, and other outside elements. They may be constructed of varying gauges of steel, copper, or bronze. There is no scientific or other evidence that any casket with a sealing device will preserve human remains.

Non-Gasketed: These caskets are not designed by the manufacturer to resist the entrance of air, water, or other outside elements. They may be constructed of metal, hardwood, or wood products covered with fabric. A complete list of the caskets offered will be provided at the funeral home.

Disclaimer of Warranty: The only warranty of the casket or any merchandise sold in connection with this service is the express written warranty, if any, granted by the manufacturer. This funeral home makes no warranty (expressed or implied) of the merchantability or fitness for a particular purpose, with respect to the casket and/or outer burial container and any urn merchandise.

Casket Selection Cost: (20G Steel or Solid Hardwood)	
\$1200 (20G Steel Non-Gasketed), \$1,500 (20G Steel Gasketed or Hardwood)	
(A complete price list of all items offered will be provided at the funeral home.)	
Burial Vault: (Non-Seal or Sealer)	\$1000 or \$1200
(A complete price list of all items offered will be provided at the funeral home.)	
Alternative Cremation Container: Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without covering). The containers we provide are cardboard containers.	\$25
