Monthly payments are available without interest or billing charges. Many families welcome this opportunity to have the cost completely paid in advance.

**CASKETS & OUTER BURIAL CONTAINERS**

If you arrange for a service that includes a casket, you may select from a group of caskets on display at our facility. Price is determined by composition. The least expensive caskets are particle board, usually with cloth covering. Metal caskets vary in price because of the thickness of the steel, quality of hardware and fabric used for the interior. Semi-precious metals, (i.e. copper or bronze) cost more but offer greater protection for those who seek it. Hardwood caskets fall in a medium price range and their price is affected by the amount of hand finishing used to complete the product.
