# Payment Options

---

Losing someone you love is a devastating experience and can impact judgement. It is important to celebrate their life and reflect on your fond memories for someone you love while making the experience as meaningful as possible.

It is also important to be realistic in respect to funeral expenditures. We do not want your family to spend more than the need or less than you would like. Our expert funeral service staff will provide a full explanation of our service and products to help create honor and personalize a service for the life of your family member.

Many times, the funeral cost is shared with different individuals and often divided between family members. Financial arrangements must be resolved prior to the funeral service. Our policy requires all financial arrangements must be completed prior to the setting of the services.

We offer several payment options for your family. The following methods of payment are available for your convenience.

## Option 1

Cash or Check

You may pay in full the amount at the time of arrangements using cash or check.

## Option 2

Credit Card

Credit card payment could be subject to processing fees as determined by the credit card merchant.

## Option 3

Verifiable and Assignable Insurance Policy

This option allows you to assign over all or a portion of the insurance proceeds to pay the funeral expense. Our staff will verify the benefits with the insurance carrier to assure the funds are available, not contestable and are assignable to our funeral home. Insurance assignments are subject to a 4% fee from the processing company.

## Option 4

Assignment from pre-need insurance policy or trust fund

If your family has pre-planned their funeral goods and services through either an insurance funding vehicle or trust fund account, these proceeds are assignable directly to our funeral homes. In some cases, our funeral home is the beneficiary of the policy or trust fund. Assignment is contingent on verifying the policy or funds.

We do not accept future payment from Estate Funds
