*Family Owned and Operated Since 1945*

## General Price List as of January 1, 2024

---

Since 1945 the Matney family has been providing the Kansas City area with caring and compassionate service. The Cemetery dates back to the end of the Civil War, Lewis Matney purchased the cemetery from his sister Anna and her husband T.C. Payne. He purchased more land and made improvements over the years with the help of his family. His eldest son Duane "Bud" Matney worked in the cemetery since a young boy and eventually took over as president several years before his father died in 1986. For several years we were fortunate enough to have all three generations working in the business at the same time, including Bud's sons Mike and Danny Matney. There is a rich history of over 2,000 men and women who fought and died for our country in almost every war America has been involved in. We also have many famous people that were from the Kansas City area and chose to come back. 35,000 people from Kansas City, Shawnee, Overland Park, Merriam, Mission, Prairie Village, Roeland Park, Bonner Springs, Edwardsville and Kansas City Missouri have chosen Maple Hill to be their final resting place.

In 1973 Lewis opened the Maple Hill Funeral Home. His son Bill Young was already a Funeral Director and Embalmer and began running the funeral home and serving families. He served over 12,000 families until his decision to retire from the day to day business and sell the business to his nephew, Mike Matney, ensuring that the business would stay in family that is committed to the community.

Because of our beautiful facilities, affordability and being conveniently located (just North of I-35 on I-635 as well as only 3 miles south of I-70), families understand we are only minutes away from anywhere in the city and provide unmatched service. We encourage our families to be involved to create a personalized one of a kind service. This is proven to help the grieving process. Everyone's life deserves to be celebrated and that is what we consider to be the most important part of what we do, "Celebrate a Life Lived".

The following is not only a General Price List, but an informational and educational tool to help you make the best choices for your family.

# What to look for when choosing a funeral home

---

Some of the things you may want to consider for when choosing a Funeral Home.

- Compare apples to apples. We want to serve your family for years to come; therefore we refuse to “lure” families with advertising low cost funerals only to find that the conditions that apply may force you to have your service their way. If you don’t have your service under their conditions, the low price does not apply. So why settle for less.
- Will the director who meets with you, will be with you from first contact until the services are complete and follow up with you in the coming months just to see how you’re doing or if you need anything? With no intension of trying to sell you something.
- Is your director paid a commission on what they sell you for an at-need funeral? Never at Maple Hill. We believe in paying our employee’s an honest wage for what they do, and because of that you will never be pressured to buy anything you don’t want or need.
- Are arrangements done at your convenience, never being hurried so you are fully aware of everything that is going on, by a director who is compassionate?
- Is the funeral home owned and operated by a local family that employs local people?
- Does the funeral home give back to the community? Police, Fire Dept., Sherriff Dept., Schools, VFW, American Legions, Churches and many more organizations that we give to, all in Wyandotte, Johnson counties and cities within.
- Does the funeral home use a family name as its business name, but is really owned by a mega corp. based in other states.
- Does the funeral home have shareholders and corporate executives that take profits from inflated prices and spend it in other states?
- Can you speak with an owner or anyone who can make a decision if you want something out of the ordinary or a special request that may not be on the price list?
- Are the facilities and amenities comfortable modern and warm?
- Do you feel value in the services provided?
- Have you been offered to “celebrate the life” of your loved one as well as funeral service?
- Are these services and merchandise done at a fair price?
- Will you be passed around by a multitude of people?
- If you have not done your research in advance, and just call the closest or most convenient funeral home, if you do decide to go elsewhere, you will owe that funeral home for their removal fee at minimum and anything else they were given permission to do.
- Be informed, educated and have your affairs in order before something happens. Regardless of your choice, any funeral home should be able to give you an information booklet to put all your wishes down in at the very least.
- The best decision is an educated and informed one.
- We have the most comprehensive website in the city. With a wealth of information and education, our pricing is even online to prove our transparency. We are not afraid to publish our prices, because they are fair and honest without gimmicks or “lures”.

KANSAS CITY, KANSAS 66106**

## **GENERAL PRICE LIST**

*These prices are effective January 1, 2024 but are subject to change without notice.*

The goods and services shown in this booklet are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

# MAPLE HILL FUNERAL HOME PRIVACY POLICY

It is our desire to protect the privacy of all the families we serve and we will strive to achieve that goal. We do however realize that it is impossible to completely assure total protection. We only share information concerning the deceased or the person responsible for arranging the funeral service of the deceased (the "Informant") with companies or individuals that have a direct connection to the service in question. This could include but is not limited to the primary care physician or physician that will be completing the death certificate, an insurance company that has issued a policy on the deceased, social security, the department of vital statistics for the state where death occurred, cemeteries, vault companies, ministers or any other company or individual providing assistance with the service in question. We will only provide information to banks or credit card companies after the company in question confirms specific vital statistic information about the deceased which would have been acquired during the normal application process.

With the increased interest in genealogy, we will provide basic information about the deceased and their survivors if the requester is able to correctly answer commonly accepted security questions contained in our online genealogy request form.

Any inquiries made requesting the name, address or phone number of the Informant will be answered by collecting the name and phone number of the requester and then forwarding that information to the Informant. We will not provide names, addresses or phone numbers directly to the requester unless they have a direct connection to the service in question as previously described.

We do reserve the right to not provide information to any individual based on our professional experience.

# MAPLE HILL FUNERAL HOME PAYMENT POLICY

In an effort to avoid any confusion or misunderstanding, we would like to ask that you take a few moments to consider the financial aspect of the services you are selecting. We realize that you are thinking of many details at once and taking the time to consider the financial implications will help avoid any complications or hardships later.

These services can include any cemetery expenses, sales tax on merchandise, certified copies of the death certificate, police escorts or any other additional services that you may ask us to arrange for you. We are more than willing to make those arrangements for you and take the time to issue the different payments.

**\*If you have chosen to assign an insurance policy to cover funeral expenses, a 3.75 % fee will be added to the charges for the service you have arranged. If you would like to have your portion of the policy proceeds available to you in 48 hours, this fee will be calculated on the face amount of the policy.**
