Parvo Cases are subject to a \$25 surcharge for cleaning and disinfecting after pickup and prep.

Parvovirus is spread through direct contact with a dog that's been infected or from feces. It's even possible for a human to inadvertently give it to a dog by stepping in dog feces and unknowingly tracking that inside the home. After each positive case we encounter, we are obligated to clean/disinfect our vehicles, equipment and ourselves to protect our loved ones at our homes and all the families we serve.

Expedite/Rush Fee

\$100

Turnaround time for private cremations are expected to be 5-7 days to get a loved one back home. Expedited Fees are only applied if needed on a time sensitive matter.

When paying with credit card a 2.5% - 2.6% + \$0.10 charge will be added on remote transactions
