“Plan for Healing” HOW YOU BEGIN HEALING WITH CHAPEL HILL

WHY IS CHAPEL HILL THE BEST CHOICE FOR YOUR FAMILY?

Losing someone you love is a life-changing experience.

For most of us, a loss like this happens infrequently and with little or no warning. Even when we feel prepared, we can be surprised by the depth and power of the emotions that are stirred up by this type of acute loss. In the period of time following a loss, we also know there are other family members and friends who are struggling to understand and cope with the loss we are experiencing. On top of this, there are questions to be answered, forms to be completed and plans to be made – which can seem overwhelming.

We are here to help.

Our Acute Loss Experts at Chapel Hill Mortuary are here to help your family begin healing. We understand the Acute Loss Period and walk with you through this experience. Our Healing Support Services equip you and your family to understand and attend to your **emotional, relational** and **spiritual** needs, all while preparing you to help your family members and friends to begin to heal. We cannot remove the pain caused by your loss, but we can help you put an intentional plan in place for healing. Learning how to embrace and survive the loss of a loved one can make all the difference in the world.

Thank you for trusting us to help you and your family Begin Healing.

CHAPEL HILL HEALING SUPPORT SERVICES

SAFETY | Connecting: We are safe place where grief and healing are supported unconditionally. We will not “take away your grief” or sanitize your experience but, instead, acknowledge your tears, your pain and your broken heart and help you to say farewell.

PARTICIPATION | Gathering: From experience we know that through intentional funeral planning, with your thoughtful, careful, informed decision-making, funerals are healing, not hard – and provide hope and meaning to family and friends you love, allowing them to establish important habits and behaviors in their journey through grief.

ACUTE LOSS PERIOD | Gathering: What is the Acute Loss Period and why is it important? The Acute Loss Period is the time between the event of death and the onset of grief. We explain the Acute Loss Period to ensure that whatever decisions you make will address the needs of you and your family during this time and allow you to effectively cope with loss and begin the journey of grief and healing.

ADULT LOSS CLASS | Gathering: Have you ever wondered why we have funerals? Many people ask that question. Our Adult Loss Class prepares family and friends with an understanding of the Acute Loss Period and strengthens our ability to intentionally participate in meaningful ways during the loss experience.

FAMILY FAREWELL | Seeing: When we see our deceased loved one, their death is made real to us. For most, seeing our loved on is an important part of our grief and marks the beginning of our healing – when we address our emotional and relational needs. We are prepared to respond and actively care for each generation of your family during this time.

FAMILY COACHING | Connecting: The Family Farewell is typically followed by a public time of gathering with extended family and close friends who care about you and will stop their lives to be with you during this time. As these individuals arrive, you may feel emotionally vulnerable. We provide you and your family with special instruction and support to make this transition easier, including practical ways to confidently make connections and begin to reflect on the life of your loved one.

COACHING AND GUIDING FRIENDS | Connecting: People often ask, “What do I say to someone who has experienced loss? Family and friends who you invite into your experience by attending this public time of gathering will receive encouragement and instruction from our Care Team. We invite them to connect, reflect and celebrate with you and thank them for their most important gift – their presence.

GATHERING POINTS | Connecting: Unique memorabilia creates gathering points where family and friends are comfortable and encouraged to share stories and remember your loved one. Our Care Team displays these items to provide access, enjoyment and intimacy. The best way to invite others into your loss is to share a story about your loved one. Sharing your story give others permission to tell theirs.

COMMUNITY FAREWELL NOTICE | Sharing & Connecting: We create and help you produce a digital and/or printed obituary with memorial photo. Beyond just facts, this Community Farewell Notice captures details of the life lived and shared by your loved one along with information about you and your family which extended family and friends appreciate as they prepare to attend the Community Farewell.

CHAPEL HILL HEALING SUPPORT SERVICES

GUESTBOOK REGISTRY | Sharing: Family and friends will leave their names and messages in this online registry connected to the Community Farewell Notice. Our Care Team will gather these messages and prepare them for you following the Community Farewell.

FAREWELL KEEPSAKE | Seeing: We create mementos which may include a personalized design, prepared verse and perhaps a photo of your loved one. These memorial cards are kept by family and friends as an important keepsake from this experience.

HEALING FAREWELL GUIDES | Reflecting: Our Care Team is your host and prepared to attend to your every need during the public gathering time. We honor and maintain the sacredness of this experience you are engaged in with your family and friends and we are prepared to respond on a moment's notice to any situation which may distract from it. At the conclusion of the gathering, our Care Team completes a final list of details for the Community Farewell.

THE CONNECTING CIRCLE | Connecting & Reflecting: The Connecting Circle is the area immediately around the casket or memorial table. This is a space where few words, but much love, is generally shared. This area features quiet moments of reflection which begin to occur with your closest family and friends. Our Care Team recognizes the significance of this space and pays special attention, making certain connections there are as meaningful as possible.

MEMORY NOTES | Reflecting: We create notes for table tops throughout the gathering room which allow family and friends to write down a story or memory they wish to share with you. These notes are collected at the end of the gathering, referenced and returned to you after the Community Farewell.

REFLECTION PHOTO DISPLAYS | Reflecting: As we display your favorite photographs of your love one, you allow those who gather to remember and reflect on the things that matter most in life. Pictures are catalysts for reflective thinking which occurs at each Community Farewell.

ONLINE REFLECTIONS | Reflecting: When we share memories and photos, we begin to more fully understand the legacy of those we love. Our online memorial tribute is interactive, responsive and features the latest social media connectivity where family and friends leave messages, light candles, send floral remembrances and share photos and video – all from a single memorial page.

CELEBRANT CONNECTION | Reflecting: Our Care Team gathers messages and stories from the Online Guestbook, Memory Notes, Online Memorial Tributes and Farewell Memories Guide and provides this information to our Celebrant, Minister or Master of Ceremonies. This allows the Community Farewell to more meaningfully reflect the life of your loved one.

FAREWELL TRIBUTE | Celebrating: We know the saying, “A picture paints a thousand words” and understand that images can creatively tell a story. Using your favorite photos and background music we produce a video that spans the life of your loved one. In the midst of our loss, as we reflect on the meaning of their life, we are searching to be inspired and make room to be touched by joy.

CELEBRANT & MASTER OF CEREMONIES: | Celebrating: Today, fewer people identify as religious, yet many identify as “spiritual” or get reconnected to their “faith” at a time of loss. We offer Celebrant services on-staff and by referral to make certain your Community Farewell is not simply organized, but created in way that is unique and inspiring to your audience and tells the story of your loved one in a way that is most fitting for their last good-bye. If you have not attended a Farewell with a Celebrant, make certain to explore this approach.

COMMUNITY FAREWELL | Celebrating: The Community Farewell is a unique, public ceremony which draws on aspects of all our Healing Support Services to provide hope and meaning to your family and friends. We are empowered and engaged to embrace the two faces of loss as we celebrate a life and nurture our healing.

FLORAL REGISTRY | Connecting: Our Care Team records details of the Community Farewell including the description of floral tributes received, matched with the sender. You are able to acknowledge family and friends who stopped their lives to be with you during this time and those who sent flowers.

PRESENCE | Connecting: We stand witness to your grief and are here, a personal contact and local, community resource on the journey to healing for you and your family.

GRIEF SUPPORT | Connecting: We are part of the emotional support team each of you will need in the weeks and months following the Community Farewell. These are your first days without your loved one. Grief is unavoidable, but a healthy grief experience is possible with planning that allows you to begin to establish a new normal.

GRIEF SUPPORT GROUPS | Connecting: We facilitate local Support Groups for Parents who have lost Children and Widows who have lost Spouses. We can also connect you with others. In these settings, individuals gather and connect with one another as they hear and share their stories and continue to nurture their emotional and relational needs.

HOLIDAY MEMORIAL | Connecting: Each year in November, we host “Holiday Memorial” events where we remember loved ones by hearing and sharing photos, names and stories of our loved ones, followed by lighting candles. At these events, family and friends continue to gather and connect over stories of their loved ones.

MEMORIAL WALK | Connecting: There are few losses as profound as the death of a child. We host a monthly Bereaved Parents Support Group, organize and sponsor a “Walk to Remember Children” in September of each year and are a host site for the “Worldwide Children’s Candle Lighting” in December of each year. At each of these gatherings, we make powerful connections as we hear and share stories that we never want to forget.

“Plan for Healing” **FAREWELL MEMORIES**

Sharing memories helps us connect with family and friends.
These memories are the catalyst for family and friends to tell stories
and begin reflecting on the people and things that matter most.

Please write as much as you can and ask other family members to do the same.
Remember to share these memories with the Celebrant, Minister or Master of Ceremonies

GENERAL PRICE LIST

(page 1 of 2)

Prices effective January 1, 2022 and subject to change without notice. The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Professional Services:

Basic Services and Overhead	1,890
This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. Within this fee, we recover costs related to arrangement conference, coordination with professionals, preparing and filing paperwork (death certificates, insurance, social security), preparation and placement of obituary notices and coordination with others (crematory, cemetery, church, minister, doctor, hospital). Also included in this fee are overhead cost relative to our facilities, licensing, legal and accounting, insurance, building and utility expenses, parking lot and ground maintenance, lounge, taxes and record keeping. (This fee is already included in our charges for direct cremation, immediate burial and forwarding or receiving of remains).	
Embalming (includes Washing and Dressing, as needed)	790
Embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. Embalming slows the natural process of decomposition and provides time to gather and connect. You may choose healing experiences that include seeing the deceased which do not require embalming, like a Family Farewell, Natural Farewell and Graveside Service.	
Cremation Scheduled & Attended (scheduled cremation attended by Chapel Hill Mortuary staff with immediate return)	490
