OUR MISSION

House Of Winston Funeral Services, Inc., is an independently operated family funeral home that has been serving the Los Angeles Community since 1974. As a family operated business, we take a different approach to serving you.

Everything we do is grounded in a set of core values:

Quality, Compassion & Dignity

It is our goal to ease your stress and help you navigate the many decisions you face. We honor all faiths, cultures, and traditions, and we will work with you to plan a meaningful service that honors your loved one in a personal, memorable way. When you select House of Winston Funeral Services, Inc., you will feel comfortable in every step of the planning process.

It is our endeavor to provide the finest quality funeral services anywhere in the United States at the best possible price.

Compare Prices

The Federal Trade Commission and most consumer groups encourage consumers to get competitive prices before making major purchases. House of Winston Funeral Services also encourages consumers to compare prices and services offered when selecting their funeral services.

Mortuaries do not always use the same terms. When comparing mortuary prices, it is important that you ask what is included, and what is not included, in a quoted price.

Our staff will be pleased to answer any questions you may have about our prices and services to help you make your comparison. In addition to the mortuary charges, you may also have other expenses, which are usually referred to as “cash advance” items. These included such things as minister honorariums, certified death certificates, and permits.

General Price List

We are pleased to provide you with our price information. The goods and services we believe you should be well informed as to prices and requirements before making final decisions, particularly when it may be during a period of emotional distress. The goods and services shown are those we can provide to our customers. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the Agreement.

The list does not include prices for certain items such as: cemetery or crematory services, flowers, and newspaper notices. If applicable, the prices for those items will be shown on your Agreement describing the funeral goods and services you select.

Our Family Service Counselors will try to explain anything you find confusing, but nothing they or anyone else may say should be taken as modifying or differing with the written words in this document and on the statement describing the goods and services you select (Agreement). That Agreement will show, in as simple form as possible, your final selections, the prices, and what goods and services are included. You will be shown that Agreement before you sign it and will be given a copy to take with you. It is the final, authoritative statement of the arrangements you have made. If you request additions or deletions to the services you wish to purchase after you sign the Agreement, these changes will be shown

on an updated invoice for you to take with you. An updated copy of the new Agreement will be signed for our records.

Escorts

California State Law dictates that funeral processions on California streets/freeways/highways are required to have escorts. We at House of Winston have a two-escort minimum. **We do not allow outside escorts.** Escorts are ordered and featured on your contract; however additional escorts may be required due to the number of cars traveling to the cemetery. Therefore, you may receive a statement in the mail for the cost of additional escorts after the funeral service. It will be your responsibility to pay the escort balance on a timely manner.
